**FYI:**

**PCMS covered suicide during our lesson today. I have added it to my notebook for information we cover throughout the year. We will focus on Bullying and Drugs in October.**

## **Suicide Prevention: One World Connected**

**Suicide is a major public health problem.** The psychological pain that leads each of these individuals to take their lives is unimaginable. Their deaths leave family and friends bereft, and often has a major ripple effect on communities.

In 2012, suicide accounted for 1.4 percent of all deaths worldwide, making it the 15th leading cause of death.

The number of lives lost each year through suicide exceeds the number of deaths from homicide and war combined.

Efforts to *prevent* suicide have been celebrated on **World Suicide Prevention Day - September 10** - each year since 2003. For 2014 the theme of World Suicide Prevention Day is "**Suicide Prevention: One World Connected**". The theme reflects the fact that connections are important at several levels if we are to combat suicide.

# PCHS Guidance Calendar of Events

1<sup>st</sup> Semester

2014-2015
